

River Falls Public Library Chromebook Policy

Approved: 12/7/2015, 1/4/2016, 10/7/2019, 9/14/2020, 10/17/2022, 08/05/2024

Overview:

The River Falls Public Library has Chromebooks available for checkout.

Chromebooks are laptops that only use Google Chrome as their browser and operating system, and they are fast, secure and simple to use. All of the Chromebook operations take place using the Chrome web browser and web applications either through a user's free Google account or in a "guest" mode – for those without Google accounts.

Chromebooks will be available on a first come, first serve basis. Chromebooks may not be renewed online.

Loan Period: 14 days or longer if requested

Renewals: No renewals.

Chromebooks must be checked out from and returned to the desk at the River Falls Public Library. No courier to other libraries is available. Do not place in book drop.

Fee for Damage or Loss:

The library reserves the right to charge fees for damage or loss of the Chromebook, up to and including the current replacement cost.

Fees may also be charged for loss of package parts. Chromebook package parts are:

- carrying case
- Power cord (2 parts)
- User's guide

Do not attempt repairs, adjustments or alterations of any kind. Fees may also be charged for replacement cost for loss or damage of package parts to include Chromebook, carrying case, power cords (2 parts) and user's guide. Library staff will check to see that all equipment is functioning properly upon return.

By checking out a library Chromebook, you agree to follow the Library Internet Use Policy. The library is not responsible for any loss of personal information/data or identify fraud that may result from using a library Chromebook.
